

Habitat for Humanity London

September 2008

Thanks to our lead sponsors and their continued support the Habitat for Humanity London 2008 Build had a great volunteer kick-off. As many of you have been on-site by now it is probably fair to say you've gotten a good sense of the excitement and camaraderie that exists on a Habitat build.

We did start off with a bit of a nail biting contest, or to be more exact a nail pounding contest. Congratulations to the winner of the "little home build" FM96 and "good on you" to the participants from Global Spectrum and McKenzie Lake Lawyers LLP. And to those who were not able to attend check out the pictures.

Upcoming Events:

On **September 20th** FM96 will do the Second Annual BOBacue with Bobnoxious at Norma Jeans. Live Karaoke with Bobnoxious, BBQ, Pies in the face of the band and FM96 announcers, Kid friendly matinee and FM96 onsite all afternoon.

Also on **September 20th** Saturday night Fights in concert with Boomerz Boxing Club 7p.m. at Carling Heights. **AND**

WATCH for DETAILS - as FM96 - and its sister stations - go to the airwaves in a **Brickathon for Habitat for Humanity London** - Get ready - Challenge your Friends or Your Co-Workers - Get collecting Now and be ready to make Your Call - Help FM96 Build a Habitat Home.

Let's Hear it for the FRAMERS!

We want to send a special thank you to the framing "pros" that helped the volunteers raise the roof on Aug 16/17 & 22/23 - Gil - Tagline Framing, Chris - Mainframe Construction, Hans - Fair & Square Framing, and Dwayne & Andrew & AJ.

Jean and Angus McKenzie watch with other Habitat for Humanity volunteers as the games begin.

More Pictures from Build Day...

Contest Winners - The FM96 Team

Our Volunteers Have Staying Power

Michelle Burlock - 8 years plus international Habitat projects

Deb Chadwick - 5 years

Ray Lloyd - 15 years plus international Habitat projects

2008 Lead Sponsors

Just a few words from Julie

Working with our three home sponsors continues to be a wonderful experience. The **Global Spectrum Team** started their events last fall and they took their fundraising to new heights of FUN. I don't know if I'll ever be asked to "drop the puck" again, but it was a great experience and passing the bucket now has a whole new meaning within Habitat for Humanity London.

The **McKenzie Lake Team** have made their fundraising efforts very visual. Drop by the offices on Dundas St. and check out the **blueprints and donation blocks** posted on the wall. It's big and it works.

AND our third sponsor **FM96** has been spreading the word about Build 2008. In addition to cash, FM96 has brought us new tradespeople volunteers and these experienced builders have indicated they're on board for the long term. Value of an electrician or plumber or drywall or framer - Priceless

Keep your ears and radio tuned to FM96 for upcoming promotions and events.

Julie Coley - Exec. Dir.

Thanks to Best Western Lamplighter and Aroma Restaurant for feeding us AND to Tim Horton's for the coffee and snacks that kept our volunteers going.

Global Spectrum Hands Over a Really, Really Big Cheque

With the final fundraising completed, Global Spectrum Facility Management wrote a very big cheque for Habitat for Humanity London. On hand to accept the \$75,000 donation (left to right)

Coleen Crncich, Connie Graham from Habitat and representing Global Spectrum, Brian Ohl, Peter Lukko, Paul Brock and Gary Turrell.

DEDICATION DATE

Sunday, October 26th. 1 p.m.

Mark it on your calendar.
